Context

There is a parent representative from each school on the Board. Parent Reps are elected by other parents.

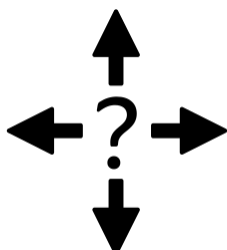

Other Governors are co-opted and bring together people from schools, the community and local organisations. All Governors are volunteers.

Our Governors are passionate about the Nursery Schools and ensuring children get the very best education and care. They have strong ethos and strategic vision.

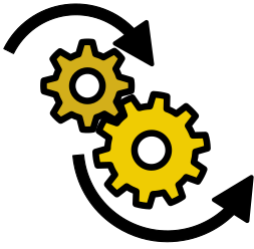

Governors facilitate a whole-school approach to safeguarding, making sure it underpins all relevant aspects of process and policy development.

Governors are responsible for the strategic aspects of the schools. They are not involved in the operational aspects. They regularly review a comprehensive risk register.
