play.hooray ❤️ Ahh colour sorting! Such an easy one to set up but great for keeping little ones occupied especially when you're 'to do' list is getting longer by the minute!! 💜 Here I used foam sheets from the poundshop and cut into shapes buy coloured scarves, plates, cups, paper anything really would work great! I did trucks because someone loves trucks!! 😊 Paired with a tray full of items and you have a quick and easy sorting activity! There's also a video about sorting on Facebook for anyone wanting to learn more! Start with just two colours for younger children and then add more! 👍

play.hooray 💜 ACTIVITY SPONGES! 💜

A perfect activity for high chair play! Grab a clean dry sponge and using scissors cut little slits and press buttons, paper straws or golf tees into! Great for little hands 👉 to practise their pincer grip and hand eye coordination! 👉 Tag a friend who would love to do this with their little one!
