play.hooray Who's going to try this over the weekend? Using the base of a box, cut a hole for the ball and challenge your little one to practise their hand eye coordination! It's harder than it looks!

kerrys2cents Given me an idea to use all the tubes I've collected!!

play.hooray @kerrys2cents I just can't bin them!!

play.hooray Rain Rain Go Away!

Gosh it's miserable outside and if you've got a little one at home you might be in need of keeping a little one busy so one of my favourite things to do...an up turned egg box!

Make holes and then add spoons, paper straws, ribbons, pieces of pasta...anything!! For your baby to put in and pull out! Super simple but will allow you to sit back with a cuppa and watch your little one play!
